DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Non-appealed claim 3 is canceled.

REASONS FOR ALLOWANCE

Claims 1, 7, 9-10 and 12 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed (see the previous examiner's statement of reasons for allowance).

The prior art of record fail to disclose the combination of all the limitations recited, including a semiconductor device comprising a heat sink plate has a heat dissipation fin formed integrally therewith, wherein the heat sink plate and the heat dissipation fin have engaging portions brought into engagement with each other, whereby the engaging portions allow detachment of the heat dissipation fin from the heat sink plate.

Therefore, the overall structure of the semiconductor device is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
